

STOPS MEDICAL

— A 3B SCIENTIFIC COMPANY —

Course Title: **TACTICAL MEDICINE TECHNICIAN (TMT)**

Course Description: This 40-hour course meets and exceeds California POST and EMSA guidelines for Tactical Medicine and provides 40 hours of CAPCE (formerly CECBEMS) credits and/or POST CPT for LE officers. It is held at Strategic Operations Medical (STOPSMED) in San Diego, utilizing STOPSMED Hyper-Realistic® capabilities, which can be viewed at www.strategic-operations.com. In addition to passing all the required skills practicums, each student will undergo the TMT gauntlet and take the written exam for NAEMT TECC certification at the end of the course. Whether certifying as a tactical paramedic on a SWAT team or preparing for Rescue Task Force (RTF) deployment in a Unified Response to Violent Incidents (URVI), this course will insert the interoperable core skills you will need to provide under pressure.

POST Course ID: **1102-23013-26**
